TOP STORIES THIS WEEK

- On the macro front, growth in India's manufacturing sector lost momentum in October 2017. The Nikkei India Manufacturing Purchasing Managers' Index (PMI) fell to 50.3 in October 2017, from 51.2 in September 2017. This indicated a broad stagnation in the health of the manufacturing sector during October. At the sector level, improvements in consumer goods negated deteriorations in investment and intermediate goods. An index reading above 50 indicates an overall increase in that variable, below 50 an overall decrease. The data was unveiled during trading hours on Wednesday, 1 November 2017.
- India's eight core infrastructure sector, carrying 40.27% of the weight of items included in the index of industrial production (IIP), has shown healthy 5.2% increase in its output in September 2017 over September 2016. Its cumulative growth was 3.3% in April-September 2017. The data was disclosed after market hours on Tuesday, 31 October 2017.
- Dr Reddy's Laboratories rose 0.93%. On a consolidated basis, Dr Reddy's Laboratories' (DRL) net profit fell 3.42% to Rs 284.90 crore on 1.1% decline in revenue to Rs 3546 crore in Q2 September 2017 over Q2 September 2016. The result was announced during trading hours on Tuesday, 31 October 2017.
- Bharti Airtel surged 11.6%. The stock was the biggest gainer from the Sensex pack. The company reported an impressive growth at operating level in its Africa business in Q2 September 2017. The result was announced after market hours on Tuesday, 31 October 2017.
