TOP STORIES THIS WEEK

- On the macro front, the Government of India promulgated on Thursday, 23 November 2017, the ordinance to amend the Insolvency and Bankruptcy Code, 2016. Earlier, the President of India had given his assent to the ordinance to amend the code.
- On the global front, the Federal Reserve minutes indicated that an interest-rate hike is likely but the pace of future tightening could be more moderate than expected given muted inflation. The Fed viewed a “near-term” increase in interest rates as possible but central bank officials also expressed concerns about persistently low inflation, hinting that the bank may dial back its rate increases in 2018. The minutes also showed that several members worried that keeping interest rates too low could create a financial bubble
- Cipla was up 1.2% at Rs 615.95. The company announced that it has received final approval for its Abbreviated New Drug Application (ANDA) for Decitabine Injection 50 mg single-use sterile vial from the United States Food and Drug Administration (USFDA) to market generic version of Otsuka America Pharmaceutical Inc.'s Dacogen.
- Dr Reddy's Laboratories dropped 1.13% at Rs 2,298.70. The company said that it has received the establishment inspection report (EIR) from the US drug regulator for its manufacturing facility at Duvvada, Vishakhapatnam, Andhra Pradesh after the audit conducted in March.
